

Banbury Tennis Leagues

Secretary's Report

15th February 2018

Dear Members and Club Representatives

Thank you everyone for coming to the AGM

Since we last met there was a lot of changes happening pretty much all the time with both the way we record results and with the banburytennisleagues.com website.

A short summary of what was happening:

- Finished 2016-17 Floodlit and Winter Season in "Hybrid mode"
- Scheduled and finished Summer and Summer Weekend Leagues using the new system including Playwaze league tables.
- Changed hosting and completely replaced old website with a new feature rich database driven site (talk details & new features)
- 2017-2018 Floodlit and Winter leagues are now nearing the end of their first year under a new system

During the year I did have some feedback, which was mainly positive but also some suggestions for improvements and I have been trying my best to accommodate your requests and to introduce improvements as quick as possible. Today though, is really the first opportunity for me to meet you all again face to face so I would really appreciate to hear your thoughts on how did it go.

Regarding the Summer League entries Banbury West End dropped C and D teams and Charlbury did not enter C team so it's 28 teams instead of 31 last year.

We have 4 entries in Ladies and 4 entries in Mixed Weekend Leagues but unfortunately the Mens Weekend League only attracted 2 entries therefore unless some clubs can help we will not be able to run it in 2018.

Congratulations to Byfield A who have finished as the Summer Leagues Champions (after 4 years as Runners up!) ahead of Banbury who were the champions for the last 5 years.

Byfield A and Hook Norton C (4th Division) went undefeated last year and so did Warwick Ladies in the Summer Weekend League.

Regards

Art Kharlamov
League Secretary - Banbury Tennis Leagues
